Your business designed your way

- Choose which business style is better for you: **Sole Proprietorship** (simple and inexpensive to set up and offers the owner a greater degree of flexibility and control in operating the business) or **Incorporation** (limited liability; optimizing income and tax deferral; easier to raise capital; perpetual existence; and business name protection).
- You have autonomy within your business. You set your own business targets and goals each year.
- You choose how you want to market to your clients.
